 The chart is printed on a material that is resistant to fading and discoloration. The chart is printed on a material that is resistant to fading and discoloration.

NOTE 2
 The chart is printed on a material that is resistant to fading and discoloration. The chart is printed on a material that is resistant to fading and discoloration.

NOTE 3
 The chart is printed on a material that is resistant to fading and discoloration. The chart is printed on a material that is resistant to fading and discoloration.

NOTE 4
 The chart is printed on a material that is resistant to fading and discoloration. The chart is printed on a material that is resistant to fading and discoloration.

NOTE 5
 The chart is printed on a material that is resistant to fading and discoloration. The chart is printed on a material that is resistant to fading and discoloration.

NOTE 6
 The chart is printed on a material that is resistant to fading and discoloration. The chart is printed on a material that is resistant to fading and discoloration.

NOTE 7
 The chart is printed on a material that is resistant to fading and discoloration. The chart is printed on a material that is resistant to fading and discoloration.

NOTE 8
 The chart is printed on a material that is resistant to fading and discoloration. The chart is printed on a material that is resistant to fading and discoloration.

NOTE 9
 The chart is printed on a material that is resistant to fading and discoloration. The chart is printed on a material that is resistant to fading and discoloration.

NOTE 10
 The chart is printed on a material that is resistant to fading and discoloration. The chart is printed on a material that is resistant to fading and discoloration.

NOTE 11
 The chart is printed on a material that is resistant to fading and discoloration. The chart is printed on a material that is resistant to fading and discoloration.

NOTE 12
 The chart is printed on a material that is resistant to fading and discoloration. The chart is printed on a material that is resistant to fading and discoloration.

NOTE 13
 The chart is printed on a material that is resistant to fading and discoloration. The chart is printed on a material that is resistant to fading and discoloration.

NOTE 14
 The chart is printed on a material that is resistant to fading and discoloration. The chart is printed on a material that is resistant to fading and discoloration.

NOTE 15
 The chart is printed on a material that is resistant to fading and discoloration. The chart is printed on a material that is resistant to fading and discoloration.

NOTE 16
 The chart is printed on a material that is resistant to fading and discoloration. The chart is printed on a material that is resistant to fading and discoloration.

NOTE 17
 The chart is printed on a material that is resistant to fading and discoloration. The chart is printed on a material that is resistant to fading and discoloration.

NOTE 18
 The chart is printed on a material that is resistant to fading and discoloration. The chart is printed on a material that is resistant to fading and discoloration.

NOTE 19
 The chart is printed on a material that is resistant to fading and discoloration. The chart is printed on a material that is resistant to fading and discoloration.

NOTE 20
 The chart is printed on a material that is resistant to fading and discoloration. The chart is printed on a material that is resistant to fading and discoloration.

NOTE 21
 The chart is printed on a material that is resistant to fading and discoloration. The chart is printed on a material that is resistant to fading and discoloration.

NOTE 22
 The chart is printed on a material that is resistant to fading and discoloration. The chart is printed on a material that is resistant to fading and discoloration.

NOTE 23
 The chart is printed on a material that is resistant to fading and discoloration. The chart is printed on a material that is resistant to fading and discoloration.

NOTE 24
 The chart is printed on a material that is resistant to fading and discoloration. The chart is printed on a material that is resistant to fading and discoloration.
